### ACQUISITION, TRIBUNALS AND APPLICATION OF ACT TO OTHER AUTHORITIES.

55. (1) Wherever in any locality comprised in any scheme under this Act the Local Government has sanctioned the acquisition of land which is not required for the execution of the scheme the owner of the land, or any person having an interest therein, may make an application to the Trust, requesting that the acquisition of land should be abandoned in consideration of the payment by him a sum to be fixed by the Trust in that behalf.

(2) The Trust shall admit every such application if it—

- (a) reaches it before the time fixed by the Collector, under section 9 of the Land Acquisition Act, 1894, for making claims in reference to the land, and
- (b) is made by any person who either owns the lands, is mortgagee thereof, or holds a lease thereof with an unexpired period of seven years to run.

(3) The Trust may admit any such application presented by any other person having an interest in the land.

(4) On the admission by the Trust of any such application, it shall forthwith inform the Collector, and the Collector shall thereupon stay for a period of three months all further proceedings for the acquisition of land, and the Trust shall proceed to fix the sum in consideration of which the acquisition of the land may be abandoned.

(5) Within the said period of three months, or, with the permission of the Trust, at any time before the Collector has taken possession of the land under section 16 of the Land Acquisition Act, 1894, the person from whom the Trust has arranged to accept the sum so

fixed may, if the Trust is satisfied that the security offered by him is sufficient, execute an agreement with the Trust, either—

- (i) to pay the said sum three years after the date of the agreement, or
- (ii) to leave the said sum outstanding as a charge on his interest in the land, subject to the payment of interest at a rate to be agreed upon by such person and the Trust until the said sum has been paid in full and to make the first annual payment of such interest four years after the date of the agreement :

Provided that the Trust may, at any time before the Collector has taken possession of the land under section 16 of the Land Acquisition Act, 1894, accept immediate payment of the said sum instead of an agreement as aforesaid.

(6) When any agreement has been executed in pursuance of sub-section (5), or when any payment has been accepted in pursuance of the proviso to that sub-section in respect of any land, proceedings for the acquisition of the land shall be deemed to be abandoned.

(7) Every payment due from any person under any agreement executed under sub-section (5) shall be a charge on the interest of that person.

(8) If any instalment of interest payable under an agreement executed in pursuance of clause (ii) of sub-section (5) be not paid on the date on which it is due, the sum fixed by the Trust under sub-section (4) shall be payable on that date, in addition to the said instalment.

(9) At any time after an agreement has been executed in pursuance of clause (ii) of sub-section (5), any person may pay off the charge created thereby, with interest, at the agreed rate, up to the date of such payment.

(10) When an agreement in respect of any land has been executed by any person in pursuance of sub-section (5), no suit with respect to such agreement shall be brought against the Trust by any other person (except an heir, executor or administrator of the person first aforesaid) claiming to have an interest in the land.

(11) When an agreement in respect of any land has been executed by any person in pursuance of sub-section (5), and any money payable in pursuance of that sub-section is not duly paid, the same shall be recoverable by the Trust (together with interest, up to the date of realization, at the agreed rate), from the said person or his successor in interest in such land in the manner provided by section 222 of the Municipal Act,

and, if not so recovered, the Chairman may, after giving public notice of his intention to do so, and not less than one month after the publication of such notice sell the interest of the said person or successor in such land by public auction, and may deduct the said money

and the expenses of the sale from the proceeds of the sale, and shall pay the balance (if any) to the defaulter.

56. If any land in respect of which an agreement has been executed, or a payment has been accepted, in pursuance of section 55, sub-section (5), be subsequently required for any of the purposes of this Act, the agreement or payment shall not be deemed to prevent the acquisition of the land in pursuance of a fresh declaration published under section 6 of the Land Acquisition Act, 1894.

57. A Tribunal shall be constituted as provided in section 59 for the purpose of performing the functions of the Court in reference to the acquisition of land for the Trust, under the Land Acquisition Act, 1894.

appointed by the Municipal Committee or in default of appointment by the Municipal Committee within two months of their being asked by the Local Government to make such appointment, by the Local Government :

Provided that no person shall be eligible for appointment as a member of the Tribunal if he is a Trustee or would, if he were a Trustee, be liable to removal by the Local Government under section 10.

(4) The term of office of each member of the Tribunal shall be two years but any member shall, subject to the proviso to sub-section (3), be eligible for re-appointment at the end of that term.

(5) The Local Government may, on the ground of incapacity or misbehaviour, or for any other good and sufficient reason, cancel the appointment of any person as a member of the Tribunal.

(6) When any person ceases for any reason to be a member of the Tribunal, or when any member is temporarily absent in consequence of illness or any unavoidable cause, the authority which appointed him shall forthwith appoint a fit person to be a member in his place. Where the authority so appointing was the Municipal Committee and the Municipal Committee fails to make a fresh appointment within two months of being asked to do so by the Local Government, the appointment may be made by the Local Government.

60. Each member of the Tribunal shall be entitled to receive such remuneration, either by way of monthly salary or by way of fees, or partly in one of those ways and partly in the other, as the Local Government may prescribe.

61. (1) The President of the Tribunal shall, from time to time, prepare a statement showing—

(a) the number and grades of the clerks and other officers and servants whom he considers should be maintained for carrying on the business of the Tribunal.

(b) the amount of the salary to be paid to each such officer and servant.

(2) All statements prepared under sub-section (1) shall be subject to the previous sanction of the Local Government.

(3) Subject to any directions contained in any statement prepared under sub-section (1), and to rules made under section 72, the power of appointing, promoting and granting leave to officers and servants of the Tribunal, and the power of reducing, suspending or dismissing them, shall vest in the President of the Tribunal.

62 The remuneration prescribed under section 60 for members of the Tribunal and the salaries, leave allowances and acting allowances prescribed under this Act for officers and servants of the Tribunal, shall be paid by the Trust to the President of the Tribunal for distribution.

63. (1) The Local Government may from time to time make rules, not repugnant to the Code of Civil Procedure, 1908, for the conduct of business by Tribunals established under this Act.

(2) All such rules shall be published by notification.

64. (1) For the purpose of determining the award to be made by the Tribunal under the Land Acquisition Act, 1894—

(a) If there is any disagreement as to the measurement of land, or to the amount of compensation or costs to be allowed, the opinion of the majority of the members of the Tribunal shall prevail ;

(b) notwithstanding anything contained in the foregoing clause, the decision on all questions of law and title and procedure shall rest solely with the President of the Tribunal, and such questions may be tried and decided by the President in the absence of assessors unless the President considers their presence necessary.

(2) Every award of the Tribunal, and every order made by the Tribunal for the payment of money, shall be enforced by a Court of Small Causes within the local limits of whose jurisdiction it was made as if it were a decree of that Court.

65. (1) Whenever a Municipal Committee or other local authority acquires land for the purposes of—

(i) laying out new public streets in any locality whether previously built upon or not ;

(ii) constructing new buildings and laying out of compounds attached thereto, abutting on such new public streets in any locality, whether previously built upon or not ;

(a) the modifications of the Land Acquisition Act contained in the Schedule of this Act shall, so far as they are applicable, apply to every such acquisition ;

(b) the Local Government may constitute a Tribunal in accordance with section 59, and the provisions of sections 56 to 65, and of section 72 so far as it relates to the Tribunal, shall thereupon apply to such acquisition.

(2) If the Local Government does not constitute a Tribunal in accordance with clause (b) of sub-section (1), all references to the Tribunal in the Schedule shall be construed as referring to the Court.

## STATEMENT OF OBJECTS AND REASONS.

THE object of the present Bill is to make provision for the improvement and expansion of towns, by the creation of Trusts vested with statutory powers to enable them to acquire land and carry out such improvements and extensions as may be found requisite.

A detailed note on clauses is appended —

## NOTES ON CLAUSES.

Chapter I—Preliminary, requires no explanation.

Chapter II provides for the creation of Trusts. There will be a separate Trust for each town to which the provisions of the Bill are applied under clause (3). Each Trust will have a Chairman and three members appointed by the Local Government; and the President of the Municipal Committee concerned, with two members of that Committee elected by the Municipal Committee, will also be members. Only two of the Government nominees can be Government servants, *viz.*, the Chairman and one member. The reason for the Government majority is given in section 69. Provision is made for the remuneration of the Chairman and any other Trustee. The Bill also provides for the removal of Trustees in certain circumstances.

Chapter III relates to the proceedings of a Trust and the constitution and functions of Committees appointed by the Trust. A Trust may appoint a Committee to enquire into any particular matter or to act as its delegate in the execution of its functions. All questions are to be decided by a Trust or a Committee by a majority of votes of the members present and voting.

Chapter III deals also with the appointment of the Trust establishment and makes the Chairman responsible for its control and supervision.

Chapter IV details, with the classes of schemes which a Trust may entertain and the matters for which it may be provided.

A "General Improvement Scheme" (section 23 (1)) may be framed for any locality which is declared to be "an insanitary locality." Such a scheme may provide (section 28) for all necessary requirements, including the demolition of buildings, the relaying out of any land comprised in the scheme, the laying out and provision of streets and open spaces, the reclamation of land, drainage, water supply, lighting, sanitary arrangements, and the provision of facilities for communications:—

A "street scheme" (section 24 (1)) may be undertaken "for the purpose of—

- (a) providing building sites, or
- (b) remedying defective ventilation, or
- (c) creating new or improving existing means of communications and facilities for traffic, or
- (d) affording better facilities for conservancy."

In connection with a street scheme provision may be made for improved alignments for streets and open spaces.

If a Trust considers that a scheme of the nature of a "street scheme" is necessary but that "it is not expedient immediately to acquire all or any of the properties lying within the proposed improved alignments," the Trust may classify the scheme as a "deferred street scheme" (section 24 (2)). In this case the desired alignments will be prescribed, but action to give effect to them will be taken from time to time as opportunity offers.

A "Development scheme" (section 25 (1)) may be framed for the purpose of the development of any locality within municipal limits. Such a scheme can be carried out as opportunity offers (section 42 (1)).

An "expansion scheme" (section 25 (1)) may be prepared if a Trust thinks that "it is expedient and for the public advantage to promote and control the development of and to provide for the expansion of a municipality in any locality adjacent thereto," and outside the municipal limits. The execution of such a scheme also can be deferred (section 42 (1)).

If a Trust is of opinion that "it is expedient and for the public advantage to provide housing accommodation for any class of the inhabitants" within its limits it may frame a Housing Accommodation Scheme" for the purpose (section 26).

If a Trust thinks it "necessary that accommodation should be provided for persons who are displaced by the execution of any scheme under this Act, or are likely to be displaced by the execution of any scheme," it may frame a "Rehousing Scheme" (section 27) for "the construction, maintenance and management of such and so many dwellings and shops as it may consider ought to be provided for such persons."

A scheme may combine one or more types of improvement or any special feature thereof, and in giving effect to it the Trust will exercise such power conferred by Section 28 as are appropriate for the particular type of scheme in question.

Section 33 empowers a Municipal Committee to represent officially the necessity for an improvement scheme; and section 34 enables the Municipal Committee to refer to the Local Government a refusal by a Trust to frame a scheme upon the recommendation of the Municipality. A scheme can, however, be framed not only by the Municipal Committee, but otherwise (section 33 (i)); and notice regarding any scheme that is framed must be published in the Gazette (section 36 (2)) and a copy of the notice must be sent to the President of the Municipal Committee, which under section 37 will have an opportunity

for making any representative it may deem fit with regard to the scheme. A period of 60 days will be ordinarily allowed for such representation both to the Municipal Committee and to owners and occupiers of the property affected, but where the scheme relates to land which has not been built upon this period will be reduced to 30 days (section 37 and section 38 (b) (b)). The final decision as to whether a scheme shall be executed or not lies under section 41 (1) with the Local Government. Any material alteration in a sanctioned scheme, can, under section 43, be made only in accordance with the procedure laid down for the framing of an original scheme.

Chapter V of the Bill vests in a Trust Municipal property and streets situated within the limits of a sanctioned scheme, and it confers powers of survey and entry on the Trust for the execution of such a scheme. It duly safeguards interests affected and confers on the Tribunal to be noticed later certain powers to settle disputes between the Trust and the owners of affected interests. Section 49 invests the Trust with necessary powers under the Punjab Municipal Act. An important provision is that contained in section 50 which gives the Trust power to provide or promote transport facilities for the population. The chapter finally provides that streets laid out or altered, and open spaces provided by a Trust under a scheme, shall when completed be vested in the Municipal Committee.

Section 55 of the Bill provides for the modification of the Land Acquisition Act, 1894, in order to relieve Trusts ordinarily from the obligation of paying the 15 per cent. solatium which must be paid on acquisition in ordinary circumstances under that Act and for the purpose of simplifying the procedure under which the Act is brought into force in connection with acquisition by a Trust.

Under clause 10 (2) of the Schedule to the Bill the ordinary solatium will, in connection with an improvement scheme, be paid only when property is acquired under a deferred street scheme or on the acquisition of a "building of which no part is let on rent and which in its entirety is in the actual occupation of the owner or occupied free of rent by a relative of the owner, and land appurtenant thereto, and gardens from which no profit is derived and which are used by the owners as a place of resort."

Clause 10 (8) of the Schedule further defines the market value which shall be paid for property acquired under a Trust scheme. It prescribes that the market value shall be that of the property according to the use to which it was put at the date of acquisition, and that an increase in the market value by reason of any improvement made by the owner in disregard of any alignment prescribed by the Trust or made within two years before the date of acquisition shall be disregarded unless in the latter case it be proved that the improvement so made was made in good faith and not in contemplation of proceedings for the acquisition of the land. Another provision of this sub-clause which may be noticed is that if the market value of any building is specially high in consequence of the building being so overcrowded as to be dangerous to the health of the inmates the increased value which is due to such overcrowding shall be disregarded.

Under clause 12 of the schedule the compensation to be paid for buildings which are insanitary is the amount which the buildings would be worth, if they were put into a sanitary condition or into a reasonably good state of repair, while the compensation, to be paid for buildings not reasonably capable of being made fit for human habitation shall not exceed the value of the materials of the buildings minus the cost of demolishing them.

Section 57 provides a Tribunal which will perform the functions of the Court with reference to the acquisition of land for a Trust, in connection with an improvement scheme. The decision on all questions of law and title and procedure shall rest solely with (section 64 (b) (b)); the President who shall be a person having high legal qualifications appointed by the Government, but for decisions on other questions the opinion of the majority of the Tribunal shall prevail, the President having as colleagues two assessors (section (59 (1)) of whom one shall be appointed by the Local Government and the other by the Municipal Committee. The President and members may be paid and the President will be responsible for the appointment and control of the establishment required by the Tribunal (section 61). All payments for salaries shall be made by the Trust concerned (section 62).

Section 58 (d) makes an award of the Tribunal final.

Section 65 is important. Under Section 1 (3) it comes into force as soon as the Bill becomes law. Under it the benefits of the amendments made by the Bill in the Land Acquisition Act will be enjoyed by Municipal Committees and other local authorities in the execution of their own schemes for street improvements and the reclamation of unhealthy or insanitary localities.

As the Trusts which will probably be constituted for Lahore and Amritsar will take over a considerable portion of the duties of the Municipal Committee it would be fair to give Trusts not less than two per cent. of the income of the Municipal Committees.

Section 69 differs from the corresponding section of the United Provinces Act. The responsibility laid on Government by this section is one of the reasons for maintaining on a Trust a majority nominated by Government. The interests of the Municipality concerned will be sufficiently safeguarded by its right to be heard with reference to any scheme before effect is given to it and by the appointment on the Trust of three members to represent the Municipal Committee.

Chapter VIII deals with rules and Chapter IX with procedure and penalties. Provision is made for the execution by the Trust of work which, a person required to execute it, fails to do, and for the recovery of the cost from such person or his tenant by realising from

the latter the rent due to the owner. If an occupier executes work ordered by a Trust for which the owner is responsible he will be allowed to recover its cost by deduction from his rent.

The only other section to which it appears necessary to call attention here is section 103 providing that when the execution of a scheme has rendered the continuance of a Trust unnecessary, the Local Government may dissolve the Trust and thereupon its properties and liabilities shall vest in the Municipal Committee.

(i) upon all owners or occupiers of houses or lands within the limits of the small town assessed according to the annual value of such houses or lands ; or

(ii) upon all residents of the small town assessed according to their circumstances.

For each person liable to assessment a unit, to be called the assessment unit, shall be fixed, the amount of which shall indicate the relative tax-paying capacity of such person in comparison with other assesses. such year : provided that in the case of a town rate imposed in the form of a tax on the owners or occupiers of houses or lands within the limits of the small town, the amount to be raised by means of the town rate in any year shall be such that the percentage of assessed annual value payable by each person whose name appears in the assessment list shall not exceed 12½.

(2) Every committee which has decided to impose a town rate shall, when it submits its budget for the ensuing financial year, as required by section 46 of the Act, report to the Deputy Commissioner the amount which it has determined to raise by means of the town rate. The amount of town rate which is actually to be raised in the ensuing financial year shall be the amount entered in the budget as finally sanctioned by the Deputy Commissioner under section 46 of this Act.

(2) the committee shall cause to be delivered to each person on the assessment list a bill for the amount of town rate for which he is liable ;

(3) the amount of town rate for which a person is liable as shown in the bill delivered to him under sub-section (2) shall be payable in such instalments, and each instalment shall become due on such date as the committee may by resolution in that behalf prescribe, and every bill delivered under sub-section (2) shall indicate the amount of the instalments and the dates on which they are due : provided that any person who so desires may pay the whole amount for which he is liable in one instalment in advance.

29. (1) A committee may pass a resolution to propose the imposition

of a tax under section 22 of this Act.

(2) When such a resolution has been passed the committee shall publish a notice, defining the class of persons or description of property to be taxed, the rate of the tax to be imposed, and the system of assessment to be adopted.

(3) Any inhabitant of the small town objecting to the proposed tax may within 30 days from the publication of the said notice submit his objection in writing to the committee ; and the committee shall take his objection into consideration.

(4) If no such objection is received within the said period, or if all such objections, having been considered, are deemed to be insufficient, the committee may forward its proposal to the Local Government, with the objections, if any, which have been submitted as aforesaid, and its decision thereon.

(5) The Local Government on receiving such a proposal may sanction or refuse to sanction the same, or return it to the committee for further consideration.

(6) When any such proposal of the committee has been sanctioned by the Local Government, the latter shall notify the imposition of the tax in accordance with such proposal, and shall specify a date on which the tax shall come into force.

(7) A notification of the imposition of a tax under this Act shall be conclusive evidence that the tax has been imposed in accordance with the provisions of this Act.

(8) Every tax imposed under this section shall remain in force until it is cancelled by a notification of the Local Government.

(3) If a tax is imposed under section 22 the Local Government shall by rule prescribe the method by which such tax shall be assessed and collected.

31. If any person fails to pay any tax, or any instalment of a tax or any other sum due to the committee under this Act on or before the date on which payment is due, the committee shall, ordinarily within fifteen days after such date, cause a writ of demand to be served on such person, or delivered at or affixed to his place of residence within the small town, or addressed by registered post to such place of residence or any other place where he may be known to reside. section may be added to the arrear claimed and recovered as such.

(2) The Local Government may by rule declare that the provisions of sub-section (1) shall apply to recovery of any other sums due to the committee.

**33.** Subject to confirmation by the Deputy Commissioner in the case of individuals and by the Commissioner in the case of classes of persons the committee may exempt any person or class of persons in whole or in part from the payment of any tax.

#### STATEMENT OF OBJECTS AND REASONS.

The object of this Bill is to make better provisions for the administration of small towns and the larger agricultural villages of the Punjab. The Bill is based partly on the United Provinces Town Areas Act, 1914, and partly on the Punjab Municipal Act, 1911.

At present, under the provisions of Chapter XIII of the Punjab Municipal Act, 1911, the Local Government has power to declare any area containing a town or bazar, and not being a purely agricultural village or containing more than ten thousand inhabitants, a "notified area," and to introduce therein a semi-municipal administration, by appointing a committee, by imposing taxation similar to that imposed in municipalities, by creating a local "fund" and by extending to the area various sections of the Punjab Municipal Act,

This system has worked with varying success, but it has several disadvantages, and it is felt that the time has come to place the municipal administration of small towns on a better footing.

The present Bill relates to "small towns," and provides that any town, village, suburb, bazaar or inhabited area containing less than 10,000 inhabitants may be declared a "small town."

The Bill provides for other and more suitable forms of taxation.

At present it is necessary to notify in respect of each 'notified area' the various sections of the Municipal Act applicable to it, and frequently it is necessary to issue supplementary notifications extending other sections. The inconvenience of this method is patent and the opportunities for error are numerous.

This Bill is intended to present in one compact and simple enactment the municipal law governing all small towns to which it is applied.

A detailed note on clauses is appended.

#### NOTES ON CLAUSES.

##### Chapter II.

*Clause 3 (a).*—This clause is identical with section 3 (a) of the United Provinces Town Areas Act, 1914, except that the words "any area included in a colony, etc., have been added in order to enable an area in a colony which is to be the site of a new town or market to be controlled from the outset before any buildings are constructed. Under the existing law, section 241 (3) of the Punjab Municipal Act, 1911, a place cannot be constituted a notified area unless it contains a town or bazaar, and this fact has made it difficult to control building operations in the initial stages of a new town's existence.

*Clause 4 (1).*—No minimum number of members has been fixed in order that in new colony towns it may be possible to appoint the Colonization Officer by himself to be the committee while the town is still in embryo.

##### Chapter IV.

*Clauses 21—33.*—Experience has shown that the most generally acceptable form of taxation in existing notified areas is what is known as the *haiyat* tax, or tax on residents according to their circumstances. The taxation provisions of this Bill enable a tax of this nature to be imposed, but the main feature of the system of taxation which it is proposed to introduce has been borrowed from the United Provinces Town Areas Act, 1914, *viz.*, a tax the amount to be raised from which each year is determined by the needs of the small town. At the same time the very general objection entertained to a tax which varies from year to year has been met by providing for the fixity of assessments for periods of five years. A terminal tax has been allowed to meet the circumstances of some small towns, particularly markets in colony areas, to which the terminal tax is peculiarly suitable as being easy to collect and falling imperceptibly on the persons taxed.

*Clause 27.*—This clause is necessary in view of the fact that no maximum has been fixed for the amount of the tax on residents which may be imposed on any individual. It also enables a Deputy Commissioner to see that adequate provision is made for the requirements of the small town.

*Clause 32 (2).*—Is based on section 166 (1) (c) of the United Provinces Municipalities Law, 1916, and has been inserted in view of a very general opinion that committees of small towns unable to bear the expense of constant litigation should be able to recover rents of municipal properties, amounts due on sewage-removal contracts, etc., as arrears of taxation.

##### Chapter V.

*Clause 35.*—The general procedure by means of the issue of orders is based on section 26 of the United Provinces Town Areas Act, 1914, but the provisions of the Bill differ from the provisions of that Act in that they contemplate the issue of orders as a general rule by the committee of the small town and not by the Deputy Commissioner. The power of the Deputy Commissioner to require the issue of orders has, however, been retained with a view to ensuring some progress in backward areas while abuse of the power is guarded against by the right of appeal to the Commissioner.

Section 2. In section 73 the words "or terminal tax" shall be inserted after the words "which octroi."

Section 3. In section 77 (1) the words "or terminal tax" shall be inserted after the words "which octroi."

Section 4. In section 78 (i) the words "or terminal tax" shall be inserted :—

(1) after the words "of octroi,"

(2) after the words "of the octroi,"

(3) after the words "of such octroi."

(1) In section 78 (2) for the words "octroi collections and charges" the words "the collection and charges relating to octroi or terminal tax" shall be substituted. Section 5.

(2) In section 78 (2) the words "or terminal tax" shall be inserted after the words "collecting octroi."

(3) In section 78 (2) the words "or terminal tax" shall be inserted after the words "act relating to octroi."

In section 82 (1) the words "or terminal tax" shall be inserted :— Section 6.

(1) In section 188 (g) the words "or terminal tax" shall be inserted after the words "an octroi." Section 8.

(2) In section 188 (g) the word "octroi" occurring between the words "tax" and "limits" shall be omitted.

(3) In section 188 (g) the words "or terminal tax" shall be inserted after the words "subject to octroi."

#### STATEMENT OF OBJECTS AND REASONS.

A terminal tax was introduced into the Siālkot Municipality with the intention that it should take the place of octroi both in the Municipality and in the Cantonment, for which the same octroi limits had been established under section 78 (2) of the Punjab Municipal Act. At the time it was not realised that this section applied only to octroi and that a similar arrangement was not possible to enable joint collections of terminal tax to be made. The schedule in force before the introduction of the terminal tax has been cancelled and it is, therefore, necessary to legislate with retrospective effect in order to legalise the present position and to make 78 (2) equally applicable when a terminal tax is substituted for octroi.

Other amendments are consequential.

##### AMBALA CITY MUNICIPALITY.

##### *Assessment and collection.*

1. Ordinarily all goods will be assessed and all payments made at the barrier. There will be no limit to the amount of terminal tax that any one Collecting Officer may collect.

Payment of terminal tax.

Goods imported and exported by rail shall ordinarily be assessed and all payment made at the Railway delivery and booking offices, respectively, at the time of taking delivery of or booking the goods.

**NOTE.**—Nothing in the preceding paragraph shall be deemed to affect the right of the Terminal Tax Collection Officer, to inspect, weigh, and search any consignment of goods if he thinks fit.

2. At every barrier where a Muharrir is stationed the Muharrir on duty shall be responsible for seeing that no money is received by any peon.

Officers empowered to receive money.

3. At each barrier an Inspection Book (form No. 1) will be kept and all Inspecting Officers or Members of the Committee shall enter their remarks in this book.

Inspection Book.

4. The Terminal Tax Superintendent shall test the weighing machines at each barrier at least once every three months and record the result of the test in the Inspection Book.

Weighing Machines.

5. The Muharrirs receiving payment of terminal tax shall immediately on receipt check the amount paid and drop it into the cash box. The progressive totals of the terminal tax received shall be kept on each page in the place provided at the foot, as the pages are completed. The totals shall be taken at once, and not put off till the end of the day. At the end of the day, the progressive total of the money received for the day shall be taken up to the last counterfoil used and shall be entered thereon.

Duties of Muharrirs.

6. (i) The Inspector visiting a barrier shall see that these totals are taken regularly as directed in the above rule and shall initial the pages which he checks.

Duties of Inspectors.

- (ii) Every Inspector meeting an importer is authorised to demand his terminal tax receipt.

(iii) If after checking the calculations of the terminal tax the Inspector finds that all items in the receipt are correct he shall fill up the columns in the coupon (form No. 2) which he shall tear from the receipt and keep for comparison with the counterfoil at the barrier. He shall then endorse his name on the back of the receipt and return it to the importer.

(iv) When the Inspector arrives at the barrier, he shall verify the coupons he has collected with the counterfoils, and initial each counterfoil in token of his having made the check. He shall then drop the coupons in the cash box, for the information of the Head Terminal Tax Office.

7. The Terminal Tax Superintendent shall keep or cause to be kept a book of receipts and counterfoils similar to those kept by the Muharrirs at the barriers, and when any goods are brought to the Head Office under the Terminal Tax bye-laws, he shall assess and deliver a receipt and fill up the counterfoil in the way prescribed for Muharrirs at the barriers.

Payment made to the Superintendent.

8. The name of the municipality shall be printed or stamped on the receipt and counterfoil in form No. 2 and a consecutive book and form No. shall be printed on each receipt and counterfoil.

Receipt book.

9. At the close of each working day the Muharrir shall classify the terminal tax he has received in a Jinswar to be compiled on a loose form (No. 3).

Jinswar.

In this Jinswar the Muharrir shall enter the item from his counterfoils for the day, noting the amount of terminal tax in the appropriate column.

In the case of collection through Railway Agency the remittances shall be made and Jinswars submitted to the Municipal Committee daily, weekly, or monthly, as may be arranged by the Municipal Committee with the Railway authorities.

10. To prevent delay, and to ensure that all moneys as received by the Muharrir are immediately placed under lock and key, the committee shall provide, if necessary, a double set of books and two cash boxes at each barrier, so that while one set is at the Head Terminal Tax Office (*vide* rule 11) the other shall be available for use.

Cash Boxes.

*Remittance of collection to Head Office.*

11. The Muharrir of each barrier shall send daily to the Head Terminal Tax Office his cash box, books of receipts and counterfoils, and Jinswars.

Daily remittance.

12. The cash boxes shall be opened at the Head Terminal Tax Office by the Treasurer in the presence of the Terminal Tax Superintendent.

Opening of cash boxes.

13. (i) After the money in the cash box has been counted the amount shall be endorsed by the Treasurer at the foot of the last counterfoil of the day for the barrier concerned as well as on the barrier Jinswar. The aggregate contents of all the cash boxes shall then be brought to account as prescribed in rule 14.

Duties of Treasurer and Superintendent.

The cash must be dealt with promptly and brought to account and must not be kept lying about while the checking of the counterfoils and the Jinswar is going on.

(ii) When the money in the cash box has been counted, the counterfoils from the barriers concerned shall be examined by the Terminal Tax Superintendent. He shall check at least two per cent. of them in detail and see that progressive totals in the books are correct. If the total for the day agrees with the total endorsed on the counterfoil and Jinswar under clause (i) of this rule, the last counterfoil on which the total for the day has been entered shall be signed by the Terminal Tax Superintendent.

(iii) The coupons found in the boxes from the barriers shall be examined by the Terminal Tax Superintendent as a check on the work of the Inspectors, kept for one month and then destroyed.

(iv) The books shall be returned with the empty boxes to the barrier without delay. The Jinswar shall be retained at the Head Terminal Tax Office.

14. The Secretary shall bring the collection to account direct in the General Cash Book (form No. 67 of the Municipal Account Code).

Credit to Municipal Fund.

15. The basis of classification of terminal tax at the Head Terminal Tax Office is the Jinswars received from the barriers. These shall be compiled into one statement in form No. 5, the name of the barrier being entered in the first column and the total of the Jinswar appertaining to each barrier being entered in other columns opposite the name of that barrier. The total amount of terminal tax under all heads for the day shall be entered in the last column.

The total and cross total of the vertical columns each day will then give the whole amount of terminal tax collected for the day. The statement shall be signed daily by the Terminal Tax Superintendent. It shall be sent to the Secretary, who will compare its total with the amount entered in his General Cash Book, form No. 67 of the Municipal Account Code. To ascertain classified total for the monthly accounts the progressive totals shall be taken at the Head Terminal Tax Office in form No. 5. Similar procedure shall be adopted for the annual statement (form No. 76) for the purpose of rules 344 and 346 (b) of the Municipal Account Code.

16. All goods will be exempted from liability to terminal tax which the Local Government may from time to time notify as exempted.

Exemptions.

17. All fractions of a pice shall be neglected and the amount to be charged shall be calculated to the nearest pice, *e.g.*, annas 7 pies 5 shall be charged as annas 7 pies 6, and annas 7 pies 4 shall be charged as annas 7 pies 3.

### General.

18. All articles contained in the same consignment shall be charged for at the highest rate that may be levied on any portion of the consignment, unless the importer is prepared to give, at the time of import all the details necessary for classification.

**Mixed consignment.**

19. No importer or exporter shall be entitled to claim any refund on account of any excess payment made by him as a result of misdeclaration.

**Misdeclaration.**

20. All irregularities and breaches of these directions or of the by-laws shall at once be brought by the Terminal Tax Superintendent to the notice of the Secretary.

**No. 61.**—The following revised rules for the regulation of vaccine operations in the Municipality of Sharakpur, made under sections 19 and 19-A of Act XIII of 1880 (as amended by Act II of 1918), by the Municipal Committee of Sharakpur at a special meeting, held on the 11th December 1920, in supersession of the rules notified in Commissioner's notification No. 18, dated 26th March 1917, have been confirmed by the Commissioner, Lahore Division, and are published for general information. They will come into force six weeks from the date of publication of this notification:—

#### RULES.

The Municipal Committee, Sharakpur, has appointed a vaccine public station for Sharakpur in Bazar Malkana which shall be open every day, with the exception of Sundays and public holidays, from 9 A. M. to 3 P. M.

The municipal committee shall cause to be affixed on the outside of the public station in a conspicuous position, a sign board on which shall be printed, in vernacular letters easily legible, the following inscription:—

#### SHARAKPUR MUNICIPAL VACCINE STATION.

"Opens every day from 9 A. M. to 3 P. M. except on Sundays and public holidays."

II. For the vaccine public station the Municipal Committee shall appoint one public vaccinator. Every such public vaccinator shall ordinarily wear a distinguishing badge consisting of a red cross on a white ground, and this shall be worn on the breast.

Appointment of public vaccinator. Distinguishing badge to be worn by public vaccinator.

Qualifications of public vaccinator.

III. No person shall be appointed a public vaccinator unless—

(a) he has passed the Vernacular Middle School Examination ;

(b) he is certified medically fit by a registered medical practitioner ; and

(c) he has attended a course of instruction in vaccination and Elementary Hygiene at the Punjab Vaccine Institute and has obtained the certificate granted by that Institute.

IV. The vaccination season will extend from 1st November to 31st March inclusive, subject to the condition that if small-pox breaks out vaccination may be started between 1st April and 31st October.

V. During the vaccination season the public vaccinator shall be bound to attend at the vaccine station to which he may be attached on the days and hours fixed for such station, and he shall reside in the municipal area.

Although the Vaccination Act does not render liable to punishment the omission to get children under the age of six months vaccinated, yet it is very desirable that children should be vaccinated at an earlier age. As a rule, all healthy unprotected children over one month old presented for vaccination should be vaccinated by the public vaccinator.

VI. The lymph to be used in the performance of vaccinations shall be pure lymph obtainable from the Punjab Vaccine Institute.

VII. Persons desirous of procuring the vaccination of their children at their own houses shall intimate the fact to the public vaccinator (or any of the public vaccinators, as the case may be) who out of the hours of his public duties shall arrange with the applicant to vaccinate the child. A fee of Re. 0-8-0 shall be payable to a public vaccinator who so vaccinates a child (elsewhere than in the circle for which such vaccinator is appointed).

VIII. Persons licensed by the Local Government to act as private vaccinators shall in no case demand a higher fee than Re. 0-8-0 for a single operation, and shall perform their duties under the orders and subject to the general control of the Medical Officer, Sharakpur.

IX. If the result of the first vaccination is a failure, the child should be re-vaccinated. If this second operation is also a failure, a third attempt should be made. If this also is unsuccessful it is needless to repeat it again.

X. Whenever it is ascertained that a child is unfit for vaccination or is insusceptible of successful vaccination, a certificate in Form A attached to these rules shall be granted in the former case to the parent or guardian of such child by the vaccinator, and in the latter in Form B by the Medical Officer duly appointed for the purpose. In like manner, wherever it is ascertained that a child has been successfully vaccinated, a certificate shall be granted by the vaccinator to the parent or guardian of such child in Form C attached to these rules.

XI. The following registers shall be kept up by the Municipal Committee, Sharakpur :—

- (A) A register showing the names of children born within the municipality subject to these rules on and after the date of the application of Act XIII of 1880 (as amended by Act II of 1918) to such area.
- (B) A register showing the names of unprotected children born in the area aforesaid previous to the date of the application of Act XIII of 1880 (as amended by Act II of 1918) and who were at that date under the age of 14 years if boys and of 8 years if girls.
- (C) A register showing the names of unprotected boys and girls respectively under these ages brought within the local area aforesaid at any time after the application of Act XIII of 1880 and who had resided there for a month.
- (D) A register showing the result of each vaccination or its postponement and the delivery of certificates, if any.

XII. The preparation of Register (A) shall be effected from the Register of Births maintained in the Municipal Office, Sharakpur; of Registers (B) and (C) from the information to be collected under the orders of the Civil Surgeon, of Register (D) from the reports submitted by the vaccinator, as hereinafter prescribed.

XIII. Every public and private vaccinator employed within the local area to which these rules apply shall keep up the following registers :—  
Registers to be kept by vaccinator.

Register A showing—

- (1) Name, sex, age, parentage, caste and residence of each child vaccinated.
- (2) Date of operation.

- (5) Date of second operation, if first unsuccessful.
- (6) Date of inspection after re-vaccination.

- (8) Date of third operation, if first and second unsuccessful.

Register B showing—

- (1) Name, sex, age, parentage, caste and residence of each child produced but found unfit for vaccination.
- (2) Date of certificate of postponement granted under section 9 of Act XIII of 1880 (as amended by Act II of 1918).
- (3) Date on which the child was represented for vaccination and the result of inspection.
- (4) Date of renewal of postponement certificate, if any.
- (5) Remarks.

N. B.—If on the child being represented for vaccination it is found to be in a fit state for that operation, the fact should be recorded in column 3 of Register B, and an entry of the fact of vaccination when performed should be made in Register A, a reference to such entry being made in column of remarks of Register B opposite the corresponding entry in latter.

XIV. Every public and private vaccinator shall prepare a monthly report during the vaccination season on the general result of the vaccine operation during that period, and shall submit the same through Medical Officer, Sharakpur, to the Secretary of the municipal committee accompanied by a return showing :—

RULES MADE BY THE COMMISSIONER, MULTAN DIVISION, UNDER SECTION 12 OF THE NORTHERN INDIA FERRIES ACT, 1878.

1. These rules shall apply only to such public ferries in the districts of Montgomery, Lyallpur, Jhang, Multān, Muzaffargarh and Dera Ghāzi Khan as may, from time to time, under a direction of the Local Government given under section 7-A of the Act, be managed by the District Board of any of the above districts. All existing rules affecting such ferries made or purporting to have been made under section 12 of the Act are hereby cancelled but any orders now in force under such rules shall, in so far as they are consistent with these rules be deemed to have been made under these rules.

2. The control and management of the ferries by the District Board shall be subject to the superintendence of the Magistrate of the District and the District Board shall be bound to obey any order issued by him, ordering compliance with the provisions of the Act or of these rules, or deemed necessary by him for the safety of the public.

3. The District Board may either keep any ferry under its own management or may let the tolls by public auction for a period not exceeding one year.

4. Where the tolls are let, the leases shall be sold by public auction by the Chairman of the District Board or by such member or servant of the Board as he may appoint for that purpose. All bids shall be recorded in writing at the time of the auction under the orders of the person conducting the sale.

5. The District Board may order the tolls of a group of ferries to be sold together, if, with reference to their situation, it considers this necessary to prevent competition for the traffic. In the absence of such direction, the tolls of each ferry shall be put up to sale separately.

6. Due publicity shall be given of the time and place of auction which shall be held not later than one month before the date from which the tolls are being let.

7. The person conducting the sale shall, on application made in writing before the sale, inform intending purchasers of the tolls of the terms on which the lease is to be held and, so far as possible, furnish if desired other particulars likely to effect the value of the lease.

8. Any purchaser whose bid is accepted by the person conducting the sale will be required to pay in advance the amount of the rent payable for two months of the period for which the tolls are leased and to pay the rent due for each month immediately on the expiration of that month, credit being given for the sum deposited in advance against the rent for the last two months of the period.

9. Bids accepted by the person conducting the sale shall be subject to the approval of the District Board, provided that the District Board shall approve any such bid, unless information of its disapproval is communicated to the purchaser before the date from which the tolls are being let.
