## **STATEMET OF OBJECTS AND REASONS**

Incidents of acid throwing, generally known as acid attacks, are common in the Punjab and in most of such incidents, the victims are women whose lives are irreparably damaged. The easy availability of acid eases commission of such crime. Business of acid is carried on in the Punjab for variety of purposes but there is no legislation on the subject is available to regulate such business for example its supply, transportation, storage, sale, and purchase. Therefore, any person can buy it from the market. Therefore, it is an urgent need to introduce a legislation to regulate the supply, transportation, storage, sale, and purchase acid. Hence this Bill.
